WHAT WE NEED FROM YOU

Before we get started on our search for the best deal for your company, we'll need a few things from you.

We'll need some recent gas and electricity bills from your current supplier.

We'll also need a signed letter of authority on your company's headed paper. We can send this to you as a PDF or word document for you to print and fill out before scanning and sending back to us.

Why do we need an LOA?

The letter of authority allows us to find out from the existing supplier's information like the contract end date, or it is used to obtain the relevant meter data showing how and when you use your energy and gas. Furthermore, it allows us to request bespoke pricing from the suppliers on your behalf. Importantly, we won't do anything with the LOA without your express permission!

WHAT WE DO

We are changing the way businesses procure their energy. Using our simple and effective portal we empower our partners to service their client's energy needs. We not only provide procurement services, but all the other services you would expect from one of the UK's leading utilities and energy consultants. We help our customers get the best value from their energy contracts, reducing their energy consumption, minimising their carbon footprint and ensuring that their bills are right.

Thousands of **businesses of all sizes** from all over the UK rely on us for their energy needs, **whether that be one site or multi-sites** across the UK. We remove the stress of **dealing with the energy contracts** by contacting your existing and new supplier, as well as **managing the process throughout, from start to finish.**

- Buying at the right time by constantly monitoring the market
- Knowing your business & lowering your usage
- Installing Smart Meters can help cut your energy bills

WHO WE ARE

WE ARE TALKERS

We believe communication is key. That's why each of our customers are assigned a dedicated account manager who acts as a consistent point of contact, whenever or wherever you may need them. We also believe every business is different, which is why we take the time to get to know each of our clients before we start our search for the best deal for you and your company.

WE ARE EXPLORERS

It can be easy to miss great deals, meaning you can often be left paying more than you really need to for your energy. We dedicate ourselves to searching high and low for the best prices for your company. Not to mention that all major energy suppliers are currently contracted with us, so we already have a head start on seeking out the lowest prices that you may not have found elsewhere.

WE ARE MONEY-SAVERS

Our mission is to cut the cost of your business' energy usage. Typically we can save our customers between 10-20% and in some cases up to 50% off their current bill. In addition, we can forward price contracts, allowing us to secure prices at today's rates that start in the future; this helps those customers whose current energy contract isn't quite finished, meaning savings are guaranteed regardless of when your new contract begins.

WHAT MAKES US DIFFERENT?

PARTNERING WITH US

Partnering with us brings the following additional benefits:

Bill Validation

Send us your new bill and we will make sure you're being charged what was agreed.

Full Customer Account Management

All moves, adds and changes are carried out by us. We'll even cover the opening of new sites, and meter installs.

Service Streamlining

We can align all your sites, services and contract end dates, making it simpler to manage your energy movements.

Proactive Contract Management

We'll make sure you never fall into out-of-contract rates again, and we'll pick the best time to renew your contracts.

Proactive Termination Notices

We will manage all communications with your current supplier should you choose to move.

WE'RE ALWAYS HERE FOR A CHAT

RAZOR EDGE

Our focus is to get the best deal for your company, so running a business can be that little bit easier.

If you should ever need to ask a question about our services or want more information about how we can cut costs for your company, you can contact us anytime via the contact details on the back page of this booklet.
