**Way leave Details**

In order to provide our services to you, we will need to supply your building / premise with a new fibre feed. This may involve some civils work on-site. We will arrange a site survey and a planning engineer will consult with you to explain what work will need to take place in order to speed up the way leave process. If you are a tenant at the property with over 12 months left on your contract, we will need you to complete the following details and the addendum below

Landlord Company Name	
Landlord Company Reg No	
Landlord Contact Name	
Landlord Contact Number	
Landlord Contact Email	
Landlord Address	
Building / Street	
Town / City	
Postcode	

**INSTALLATION OF FIBRE OPTIC CABLE**

Company Name	
Company Number	
Registered Address	
Address of Property	

We grant CityFibre Metro Networks Limited (company number 06586002), the right to install and keep installed its fibre and/or electronic communications apparatus in, under and along the Property to which this internet connection is to be provided and to enter into the Property as required on reasonable notice to carry out related installation works and any subsequent repair, adjustment, removal or replacement works as they shall reasonably require in connection with this service (in each case under the Electronic Communications Code contained in Schedule 2 of the Telecommunications Act 1984 as amended by Schedule 3 of the Communications Act 2003).
